**Keep the Conversation Going**

This year’s question for the Hopkins community: What is the common good? Each conversation leads to more answers and new understanding. That’s why Common Question (CQ) asks one, big question and creates spaces to talk about it all year long. CQ gives you the experience of living with hard questions, so that you can find the questions you want to live with.

**Encounter the question!**

- Visit the [CQ website](#) to browse a set of curated sources addressing the common good—and [submit your own](#).
- Sign up for your Common Question Conversation (CQC) with a faculty member, happening throughout Fall 2020.
- Attend a CQ–related lecture, discussion, performance, or other event.
- Need something to talk about? Use CQ to start a conversation with someone you want to connect with. Invite a faculty member or alum and host your own event.
- Follow CQ on [Twitter](#) and [Instagram](#)

**Get Registered**

**Hopkins Votes**

The first step to engaging in the democratic process is registering to vote! Hopkins Votes is JHU’s student-driven initiative to get all eligible JHU students registered and voting in U.S. elections. Make sure you [sign up with TurboVote](#) to find out the registration deadline and when absentee ballots are due for your state. TurboVote makes it easy to register, request an absentee ballot, sign up for election reminders, and more. Reach out to [hopkinsvotes@jhu.edu](mailto:hopkinsvotes@jhu.edu) if you have any questions, and [follow Hopkins Votes on Instagram](#) to find out about more events and resources.

**Student Organizations**

Student organizations are a great way to stay engaged on campus. Check out the different opportunities to join student organizations at [groups.jhu.edu](http://groups.jhu.edu). Many student organizations have missions to help students become more civically engaged throughout their time at JHU, both on campus and through experiences across Baltimore City.

Get Involved in the Baltimore Community

Community Impact Internships Program

The Community Impact Internships Program is a competitive, paid summer internship that pairs JHU undergraduate students with nonprofit organizations and government agencies and offers an intensive, cohort-based learning environment. Internships focus on community-identified projects in Baltimore and run from June to August. The program is open to all current first years, sophomores, and juniors of all majors. Applications for summer 2021 will be available in October, and due in December.

Learn more about students’ experiences from their perspectives through the weekly program blogs, our 2019 Program Book, and this TEDxJHU Talk from 2019-2020 co-coordinator, Awoenam Mauna-Woanya, WSE Class of 2020, Civil Engineering Major.

Hopkins Engage

Hopkins Engage, the university’s new interactive portal, allows all JHU students, faculty, and staff to easily search for community-based agencies within Baltimore to support their missions and record your own community service and civic engagement experiences. Launching in Fall 2020, the university-wide site will support individuals in connecting their skills and passions in support of Baltimore.

Baltimore First

Baltimore First is the CSC’s individualized direct service program. Committed to equipping students with the skills needed to affect transformative social change, Baltimore First serves as a catalyst for students looking to expand their philosophy of service and understanding of Baltimore City.

B’MORE

First year students annually have the opportunity to enroll in the B’More program, an opportunity to introduce you to Baltimore and establish a relationship with the city and people with common passions. A variety of one-credit courses are offered each year.

The SNF Agora Institute integrates research, teaching, and practice to strengthen global democracy by improving and expanding civic engagement and inclusive dialogue and by supporting inquiry that leads to real-world change. SNF Agora will host a variety of courses, hands-on trainings, conferences, webcasts, and other virtual events throughout the fall.
